

# E-BOOK-PAKET DAS KAPITAL ONLINE (MARX-ENGELS- GESAMTAUSGABE ABTEILUNG II)

To mark the 150th anniversary of the first publication of *Capital* (1867) De Gruyter is offering an eBook package that for the first time provides a digital version of the full section II of the Marx-Engels complete edition (MEGA).

This section combines Marx's *Capital* in all authorized editions (including translations) and all work and manuscripts directly associated with it, starting with the economic manuscripts of 1857/58. As one of only 22 German works, *Capital* belongs to the UNESCO Memory of the World Programme since 2013. It's a piece of history that every library should have.

- ▶ All versions in the original languages: The four German editions, the French edition revised by Marx with significant changes and the English translation revised by Engels
- ▶ More than 23,000 pages
- ▶ Digitized fully for the first time and available in searchable PDFs
- ▶ 15 volumes (17 subvolumes) as well as the full edition guidelines
- ▶ All preliminary work on *Capital*, including the core treatise called "Theories of Surplus Value"
- ▶ Detailed historic-critical classification: Separate apparatus volumes with a foreword, history and provenance, an index of variants and corrections, explanatory notes and comprehensive indexes
